

FELIX ROBINSON

Having dabbled in the Film Industry before studying, it was the obvious choice when it came time to choose my profession. I work mainly as a Production Coordinator as well as experience as a AD, Cast Coordinator and H&S Coordination. I have developed a multitude of skills that vary from personal relations to organisation. In my experience one needs to be flexible to achieve great things. With hard work, determination and the ability to take other peoples methods and workflows onboard and work with them is a key part of working within a team or leading one. Introducing alternative methods when necessary.

I strive to complete tasks given to me within the timeframe provided and to be a trusted and hardworking member of any team. My goal is to find and deliver stability within my place of employment and be able to be proud of what I contribute.

SKILLS AND EXPERIENCE

- Budget control and management
- Scheduling
- Set control and time management
- Leading a team to project success
- Delegation
- Working within a team
- Following instructions
- Working within tight deadlines
- Working under pressure
