ABOUT ME

As an experienced First Assistant Director, my objective is to bring my strong organizational and leadership skills to a dynamic production team. With a proven track record of successfully managing filming schedules, coordinating cast and crew, and ensuring a smooth production process, I am confident in my ability to contribute to any project's success. I am passionate about the filmmaking process and am committed to delivering high-quality results that exceed expectations. I've worked under different situations for various TV Commercials, Feature Films and Digital Platform Shows. I've worked with several Directors, D.O.P's, A.D's and Crews all around the world and I've also worked in different/challenging weather conditions and locations all around the country which has helped me to achieve different perspectives and learn different techniques. I worked with a lot of companies in my 6 years career, since I'll not be able to share every company that I worked for here, I can share some of them below.
